MORE HOPEFUL AIR PREVAILS AT PEACE CONFERENCE TODAY

Agreement on Essentials of Reparation Wipes Out Part of Tension

COUNCIL OF FOUR MEETS

Wilson Not Expected to Quit Until "It's Over There"

President Wilson Hoped to Attend Session Today

(By Associated Press)

Paris, April 8.—The council of four met this forenoon at the residence of Lloyd George. President Wilson was not able to attend the session, but hoped to be able to attend the afternoon meeting.

The overnight tension in peace conference circles had not been dispelled today. In conference circles however, it was felt the session today would serve to clear the atmosphere.

It was planned to devote the afternoon session to the subject of responsibility for the war including the question of a tribunal to try the former Kaiser, Crown Prince and others.

It was said by American members that the general situation was improved today because of the agreement reached by the commission on the main features of the reparation question leaving only a few unessential details for adjustment.

Generally a more hopeful tone prevailed in conference circles as the day went on.

Members of the American delegation declined to give an explanation of rumors that the conference would complete its work shortly. One member when asked for definite information said:

"You know the George Washington has been ordered to Brest. That is a subject for speculation."

NO INDICATION OF A DEADLOCK

(By Associated Press)

Washington, April 8.—So far as could be learned today no information has been received at the White House about the situation which dispatches from France indicate has arisen there. Officials confidently declare their belief that the President has no idea of leaving Paris prematurely and that the inquiry about the transport was merely a precaution to insure the presence of the ship when the President is ready to return home.

Yesterday when word came that the President had said there must be an end to the peace conference delays and the transport was ordered to France, naval officials denied any orders had been issued.

SOVIETS HAVING SQUABBLE AMONG THEIR LEADERS

Intensified State of Siege is Proclaimed in Munich

Trouble Growing Among Bolshevik Elements

(By Associated Press)

Berlin, April 8.—Dissensions already have arisen among the founders of the Soviet government in Bavaria, the Achtuhrblatt today says, and an intensified state of siege has been proclaimed in Munich.

The communists in the Bavarian capital have decided they will not collaborate with the majority socialists. They have demanded removal of the majority socialists from the new government which they wish to consist of independent socialists and communists.

PORTRAITS OF PROMINENT BRITISHERS

Andrew Bonar Law

Sir William Robertson

A recent portrait of General Sir William Robertson, who was recently appointed to command of the British Army of Occupation. General Robertson has the distinction of having risen from the ranks. Many years ago he enlisted as a private in the British army and rapidly worked his way to his present high rank. Andrew Bonar Law, British Chancellor of the Exchequer, from a recent portrait. He is at present attending the Paris Peace Conference.

LEAGUE DRAFT COMPLETED HAS 27 ARTICLES

Full Meeting Tomorrow to Consider Covenant

Final Action on League Pact is at Hand

(By Associated Press)

Paris, April 8.—The drafting committee of the league of nations has now completed its work. The covenant as revised contains 27 articles.

A full meeting of the league of nations commission will be held tomorrow to consider the re-draft and the covenant.

NEW GOVERNMENT IN MUNICH NOT AT ALL POPULAR

Bavarians Register Disapproval of Soviets

Demonstrations Breaking Out in Munich

(By Associated Press)

Copenhagen, April 8.—Demonstrations have occurred in Munich against the new revolutionary government of Bavaria, according to Berlin dispatches. The demonstrators were dispersed by troops.

Protests against formation of a Soviet government, voiced at a political meeting in Bamberg in northern Bavaria, are reported in dispatches from there.

Deputies of all the Bourgeoisie parties of the three Franconian governments met in Bamberg and registered a unanimous protest against the proclamation of the new regime at Munich.

SAY WILSON IS STUDYING DETAILS OF AGREEMENT

No Difference Between French and American Delegations Seen

Paris Press Claims Geneva Chosen as Seat of Allied Commission

Meeting at Versailles in 15 to 20 Days

(By Associated Press)

Paris, April 8.—The views of President Wilson's attitude on French claims as put forth by "certain American circles" are declared by The Matin to be entirely fantastic.

President Wilson, the paper says, is conscientiously studying the final details of the preliminary peace. The paper emphatically denies there are differences between the French and American delegations.

The Paris newspapers as a whole reiterate the view that it will be several days before the work of the conference will be completed in such a way that peace will be made simultaneously with Germany and her allies.

They predict that the meeting in Versailles probably will take place within 15 or 20 days.

It is reported by these papers that the solution of the reparation question, reached by the conference, provides for complete reparation.

The plan calls for an annual meeting of an inter-allied commission to decide on the sum Germany will pay the following year.

It is believed, The Matin says, that Geneva has been chosen as the seat for the society.

FULL CREW BILL IS CONSIDERED IN SENATE TO-DAY

Request of Railroad Administration Ignored

Senate Votes to Adopt New York Law Regulating Autos

(By Associated Press)

Columbus, O., April 8.—Ignoring the request of the federal railroad administration made through the railroad brotherhood officials that no bills be passed affecting the railroads which are now under Federal control, the Ohio Senate today was considering the Davis full crew bill requiring a flagman on all engines whether pulling a train or working in the yards.

The Senate voted today to adopt in Ohio the New York law regulating speed of motor vehicles. It would give authorities a right to arrest motorists driving at an unreasonable speed. A speed of more than 15 miles per hour in thickly built-up municipalities, 20 miles in other sections and 30 miles in the country is declared to be unreasonable.

SOMNAMBULIST INJURED

Newark, N. J., April 8.—In an attack of somnambulism, attributed to the effects of a "gassing" he received in France, Private Arthur Hallock, One Hundred and Forty-fifth Infantry, of Antwerp, Ohio, walked out of a second-story window in a lodging house here Monday and is now in a hospital badly injured.

RECORD SMASHING CROP OF WINTER WHEAT INDICATED

WASHINGTON, APRIL 8.—(Associated Press)—The largest crop of winter wheat ever grown was forecast for this year by the Department of Agriculture today, basing its estimate on conditions April 1st. The enormous yield of 837,000,000 bushels was announced, while at the government's guaranteed price of \$2.26 a bushel places the crop value at \$1,891,620,000.

This year's winter wheat crop if no unfavorable conditions develop will be 152,000,000 bushels larger than the previous record crop produced in 1914, and 248,000,000 more than grown last year.

The average condition of rye April 1st was 90.6 percent of normal against 85.8 percent on April 1st last year.

The condition of winter wheat on April first in Ohio was 104 percent. Ninety-nine and eight tenths per cent is the highest percentage on record on the largest acreage ever planted, said a Department statement.

The condition improved during the winter, an unusual occurrence due to the favorable winter weather. A striking feature of the present situation is a uniformly good condition in practically all wheat producing states ranging from 104 in Ohio down to 96 in North Carolina, a number of the states having 1,000,000 acres or more.

The production of rye was forecast at 101,000,000 bushels, compared with 89,300,000 bushels last year.

FORSEES WAR

General J. B. M. Hertzog

General J. B. M. Hertzog, leader of the Boer mission which is on its way to the Peace Conference to demand independence for the British South Africa colonies, predicted, in an interview in New York, that should the object of the mission be unsuccessful there would be civil war in the Union of South African republics. The mission was sent to the Peace Conference by the nationalist party of the Orange Free State, Cape Colony, Transvaal and Natal.

OWNER OF CHAIN OF FIVE AND TEN CENT STORES DIES

Frank W. Woolworth Started in Business 40 Years Ago, on Fifty Dollars

(By Associated Press)

New York, April 8.—Frank W. Woolworth, aged 67, who started a 5c and 10c store at Utica, New York, 40 years ago on a capital of \$50 and eventually became the millionaire proprietor of a great chain of nearly 1,000 of these stores in the United States, Canada and England, died suddenly today at his home on Long Island.

145TH INFANTRY STARTS FOR OHIO

Cleveland, O., April 8.—A dispatch from Camp Mills, Long Island, says the 145th Infantry, Thirty-seventh division will start for home late this afternoon.

WOMEN VOTE MICH. DRY BY A GREAT MAJORITY

Feminine Vote Said to be Responsible for Sweeping Victory of Drys

\$50,000,000 Road Building Program Also Adopted

Republican Ticket Wins in Michigan Election

(By Associated Press)

Detroit, April 8.—Casting the heaviest vote ever recorded at a spring election Michigan electors, on the face of returns today, rejected yesterday a proposed amendment to modify the prohibition law, adopted a \$50,000,000 road building program and gave the republican ticket of state officers an overwhelming majority.

The feminine vote, a factor for the first time in a state election figured prominently in the balloting on the liquor amendment.

The majority on the proposed amendment to legalize the sale of light wine and beer in dry Michigan was mounting steadily today. Reports from 55 of the 88 counties gave 160,242 for the amendment and 295,655 against it.

112TH ENGINEERS START FOR OHIO 134TH TOMORROW

Additional Units of 37th Division on Last Leg of Journey

Parades Announced in Various Ohio Towns

(By Associated Press)

Newport News, April 8.—Aboard two trains members of the 112th engineers, a part of the 37th division, left Camp Stuart today for Cleveland, Columbus and Camp Sherman.

Batteries C, D, E and F of the 134th field artillery will start tomorrow for Columbus and members of the 112th ammunition train will leave tomorrow and Thursday, the first section going to Toledo and the second to Marietta.

40 I. W. W. WILL BE DEPORTED AS SOON AS POSSIBLE

(By Associated Press)

Leavenworth, Kans., April 8.—Warrants calling for the deportation of 40 members of the I. W. W. now serving sentences in the Federal prison here, including 12 of the 37 recently admitted to bail pending a rehearing of their cases were served yesterday by an immigration official, it was announced today.

The warrants call for deportation at the end of their sentences.

UKRAINIANS ARE AT DOOR OF KIEV

The Business Barometer

It is the editor of The Columbus Dispatch, who directs attention to the new and "infallible" barometer of trade and business conditions—advertising.

Time was, not long since either, when the condition of the steel market indicated the general condition of the trade and business of the country, as the editor points out. Now all that is changed and a new prophet has arisen. The volume of advertising being carried at the present time in the newspapers and periodicals of the land is proof of the optimism which has seized upon men in all lines of business in America. It is indicative of the absolute confidence, amounting almost to the satisfaction of certain knowledge, with which the men of finance and the men of business, face the future.

All advertising records are being smashed by the volume of business now being carried. Men are proceeding with the organization of the buying public, by means of advertising, on a scale never before undertaken in the history of the nation's business.

Conscious of the prosperity of the people and the nation, the tremendous amount of money in circulation, the huge credit balance which the United States has built up and the certain trade balances which must be maintained as a result of our foreign trade, business men see in the future nothing to cast a shadow across the pathway of prosperity which is now at the threshold.

The Danger

Unduly alarmed by the unwarranted reports of a disagreement among the delegates at the Paris peace conference which threatened—as some alarmist correspondents expressed it, prophesied—the collapse of the conference without reaching any definite final conclusion—many excitable Americans cabled our delegates to present America's attitude to the world and "let it go at that."

The truth about the matter seems to be that we here in glorious America, cannot properly comprehend the conditions in Europe and the tremendous difficulties which must be overcome, ere America's insistence can be made effective.

The people of continental Europe are wholly different from Americans and the governments have heretofore proceeded upon an entirely different line. There have been secret understandings, treaties and agreements between diplomats and rulers of which the people know nothing. We in America can't understand how that could be but that such a condition does exist over there admits of no question.

The American delegates are in Paris to assist in establishing a peace that promises to be permanent and it will take time to remove the obstacles which have been building and growing for centuries. For America at this time to give the world its attitude would be to destroy the confidence of the people with their "rulers" who have been doing the best they could under conditions and who are now seeking a better regime, and to turn loose dissension and possible anarchy among the people.

Beautify the Creek

With a very little expenditure of money and effort our citizens could transform Paint creek, in its meanderings through the limits of the corporation, into a thing of beauty and pleasure.

A proof of what can be done, along that line can be obtained by a glance to the west from the Fayette street bridge or in either direction from the Main street bridge. At this season with the channel well filled, the water rippling cool and clear between the well kept shores, with lawns and flower beds extending down to the water's edge and a "squad" of interesting looking and busy ducks swimming lazily along with the current through the "rapid" places or feeding along the banks, the scene from either one of the bridges mentioned, is equal to that presented by the most costly city park.

If the city could arrange to deepen and straighten the channel just a little by removing some of the gravel which would more than pay for the cost of removal and people owning property along the creek would tidy up their premises, the whole line of the creek through the city would be a long stretch of beautiful park.

The city, with every street, save two or three, crossing the creek is admirably located to permit of an attempt to beautify.

Just a little expense and just a little energy and care will work wonders.

POEM FOR TODAY

THE RETURN

You who have lingered in the pleasant walks,
 Of changeless days from rise to set of sun,
 And gathered round the fire for merry talks
 And harmless laughter when the day was done;
 You who have followed life's accustomed ways,
 Nor watched the flash of battle light the sky,
 When thundering thousands charged, with eyes ablaze,
 And there was but one choice; to kill or die—
 What can you know of joy so keen 'tis pain,
 The joy that comes with being home again!

The nights were long beneath the starry dome,
 And there was time, while Mars throned high above,
 For thoughts of one dear spot across the foam,
 Touched with the splendor of our early love,
 Out of the past fond pictures rose to view,
 Of happy gatherings round the merry board,
 While memory strove each meeting to renew,
 Each tone of love, each gesture to record,
 "O God! to be with them once more!"
 —'Twas vain,
 The ardent wish to be at home again.

For some, New England's hills of friendly green
 Rose like a beacon to the inner sight;
 For some, the long, low Western plains, with sheen
 Of ripening grain, transformed the distant night,
 The broad savannahs and the craggy peak
 Each called some heart among that silent throng,
 Each seemed endowed with magic power to speak—
 To waft across the deep a siren song,
 'Twas but a dream, a figment of the brain—
 But ah! the dream's come true, we're home again!
 —New York Times.

PARRETT CASE IS NEARING AN END

The end of the case of the Ross County Commissioners against Geo. C. Parrett, superintendent of the Ross County Infirmary, is nearing an end, hearing of the charges made having taken place a day or two ago.

The attorneys for the commissioners in their closing arguments pointed out that they had presented and had proven their case, while attorneys for the plaintiff contended otherwise.

WOMEN ARE BOOSTING IT

YOU CAN'T FOOL THEM

Once you have shown them and got their confidence they will stick through thick and thin to what they know and believe is a good thing.
 Hundreds of women in our city are going around today with joy in their hearts and a new lease on life and health where before each day was one long "nervous drag of misery".
 As one woman expressed it, "it's not the work you do, it's the way you feel that makes the drudgery, you can't get ahead when you go to bed all in, too tired to sleep and get up in the morning half dead. Believe me I know, I certainly was a nervous wreck, every task a load, no ambition, thin, haggard and pale, an old woman before my time. Look at me now. Work is a pleasure, I am just bubbling over with good spirits, the picture of health, cheeks rosy and full of the color that only ironized blood can give, while my phosphate-fed nerves are as steady as a clock, nothing worries me, I sleep like a top and feel like a girl of sixteen. Take it from me, I want Phosphated Iron to get all of the credit, too much cannot be said in its praise, and all my friends are boosting it."
 There is no need of any man or woman going around with that tired, old feeling or any form of nervousness, if they take a brace, and stack up to a package of Phosphated Iron. It acts with spruce you up and make you feel like a live wire once more, so get busy.
 Special Notice: To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

Where Would You Go

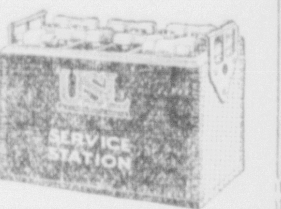

When your auto battery goes bad, isn't it reasonable to suppose you want quick and efficient work? You don't want to lay your car up for want of a battery.

And isn't it reasonable to suppose that where batteries are the sole business that is the place you will get that quick, efficient service? Batteries, with us, is no side issue—they are our sole business.

Don't Buy a New Battery Unless Your Old One is Beyond Repair.

And don't be satisfied it can't be repaired until you have our verdict. For the longer we make your present battery last the surer we are of eventually selling you a new one, is our slogan.

News of Interest to Women

Monday night witnessed one of the most brilliant and delightful occasions in the M. H. G. Class annals—a banquet honoring the victors in a rival contest for increased attendance and served with the utmost generosity and good will by the losers. The contest was conducted by the entire class, divided into the Blues and the Reds, last fall and resulted in the addition of a number of names to the class roll as well as a stimulated class spirit. The Blues won and were the fêted guests at the banquet served in the basement dining room of the First Presbyterian Church.

The tables, arranged to form an "H" in compliment to the teacher, Mrs. Austin F. Hopkins, were beautifully decorated with a profusion of Easter flowers and yellow and green the prevailing tints. At one side were seated the winning Blues and at the other their entertainers, with Mrs. Hopkins and the assistant teacher, Miss Alta Spranger, in the center.

Forty-five guests were served with a proficiency which called forth many compliments for the "Reds" and the courses of delicious viands also received their full share of appreciation.

Merriment and good fellowship reigned during a prolonged hour at the table and its sociability was only broken up when the class was called to order for a business meeting.

Miss Emma Wilson, now President

of the Class and Captain of the Reds was in charge of the arrangements.

It is learned with much regret by their many friends in this city that Mr. C. L. Clemens and family are breaking up housekeeping on W. Paint street and expect to move to Springfield as soon as school closes in order that Mr. Clemens, who represents the Dahl Campbell Wholesale Grocery in Clark County, may be out of the ground of his territory.

The Clemens' home a commodious and attractive modern house, with all conveniences, has been purchased by Miss Martha Clark and will be occupied by Mr. James Clark and family in the near future.

Mr. Clemens is moving his family to the home of Mrs. Clemens' uncle, Mr. Lou Phillips, on East street, where they will remain until their departure for Springfield. Mr. Clemens is taking his first vacation in seventeen years this week.

The Men's Bible Class of the First Baptist Church, met at the home of Mr. Irvin Bell, South North street, Monday evening.

A short business meeting was held after which a social hour was devoted to many amusing games, thoroughly enjoyed by all present.

After the games the sixty-five people present were served with appetizing refreshments by the hostesses Mrs. Long, Mrs. Arbogast, Mrs. Laune and Mrs. Bell.

The coming pastor of the Baptist Church, Rev. Ferguson, joined in the entertainment and festivities. Several visitors were present, among them being Mr. J. H. Hicks, of Martins' Ferry, former Supt. of Sabbath School.

A grateful family has recently installed in a comfortable apartment in New York two women whose faithful services for 50 years certainly merited it.

Both celebrated recently the 84th anniversary of their entrance into an Eastern family, which now gives them a home for the rest of their days with a maid of their own to look after them.

Still clinging to the uniforms they were so long accustomed to, the two women are quite content and one of them expressed her feelings by saying:

"There was nothing anybody could have wanted that we didn't have," she said. "Nobody ever could have

had a better home—well, times has changed and people with them."

"And girls, too?" she was asked. She hesitated to express disapproval.

"Well," she said, "I like everybody and I have nothing against anybody. But girls has changed."

These two old women have no Bolshevik ideas. They did their simple duty—they have their reward in the provision made for a happy old age and in the appreciation of the family responding to their devotion.

The High School Auditorium will be the scene of an unique recital on Tuesday evening May 6th when H. C. Summers & Son will introduce Miss Marie Tiffany, soprano of the Metropolitan Opera Company and Jacques Glockner to an especially invited audience of music lovers.

Miss Tiffany is a recent acquisition to the forces of the Metropolitan Opera Company where her rise has been very rapid for one whose previous experience had been entirely in concert and oratorio.

An unusually beautiful voice, pure and flexible, a broad musicianship and a charming personality are the contributing factors.

Music lovers may expect to derive solid satisfaction from the program that will be rendered by Miss Tiffany and Mr. Glockner.

Mr. Glockner is perhaps no less popular, he is an artist of unusual ability and delightful personality and will receive a hearty welcome.

The Daughters of the American Revolution held the April meeting Monday afternoon at the Federated Club rooms, with a good attendance and the April hostesses, Mesdames Kennedy, Todhunter, Wilks, Hughey, Harper, Persinger, Wilkins, Misses Lamm, Rose McLean and Persinger. The singing of the Star Spangled Banner, opened the meeting and was followed by the Flag Salute, the Chaplain's prayer and Secretary's report and roll call.

Mrs. Harriett B. Woodward, Regent, was in the chair. A letter was read from the State Regent, Mrs. Harris, which brought before the Daughters the pathos of the many wounded soldiers arriving at the Base Hospital at Camp Sherman from over seas and so shattered in health that they must remain many months. With the approval of General Glenn and the head nurse, Miss Mary H. Roberts, Mrs. Harris asked the Daughters to send delicacies for these wounded men. The army food is prepared in such large quantities that it is not as appetizing as the specially home prepared—canned fruit, jellies, fruit juices, especially grape juice, fresh vegetables for salads, home made cookies and small cakes can be sent by parcel post and fresh made chicken broth and soups taken by people driving over.

Other letters of interest, but not outlining special work for the Daughters were read and the Regent referred to the death of Hon. Wm. P. Borland, Democratic Representative from Missouri, who died in France while making a tour of our lines with other Congressmen. Congressman Borland had petitioned Congress for a number of years to aid the Daughters of the American Revolution in restoring public highways and the National Old Trails road and the Daughters feel that they have lost a friend.

Mrs. Ada Jones read a letter, translated from the French by her daughter, Mrs. Helen Kennedy, from Robert Lebean, one of the French children supported by the Chapter. Its childish expressions of gratitude were very touching.

Attention was called to the May meeting, the Chapter meeting at which will be elected a new Secretary, Treasurer, Registrar, and Historian. The nominating committee includes Mesdames Blakeley, Quinn and Jess Persinger.

The program followed the business, based on the motto, "New Occasions Teach New Duties."

A most interesting and well written paper on "Women in Industry" was presented by Mrs. Dave Sutherland. She developed the thought of how the women of America had arisen to the war's demands in various activities and had proven their efficiency, and the problem involved in releasing these women from this employment in order to give the returned soldiers employment.

Mrs. Joseph Hidy gave a remarkably comprehensive and thoroughly prepared report of the Twentieth

Annual State Conference which convened in Cleveland from March eleventh to thirteenth. Among prominent women in attendance were the President General, Mrs. Thatcher Guernsey, of Independence, Kan., and Mrs. James F. McKenzie, Regent of the West-Minister Chapter, Imperial Order of Daughters of the British Empire, who brought greetings to the Ohio Daughters, Mrs. George Maynard Minor, of Watford Conn., who is the candidate for President General, was also present.

There was also a display, by the garment making committee of the Western Reserve Chapter at Cleveland and other Chapters of the state, showing useful garments that were constructed of old materials.

A number of excellent speeches were included on the program Mrs. A. M. Neff said, "Home making will be raised to the dignity of a profession by the Daughters of American Revolution." Major General E. T. Glenn paid a great tribute to Ohio Daughters, their loyalty and part in the war, when he said—"We look to the Daughters of the American Revolution for our help in whatever emergency may arise. The way you helped with your Lodge at the Camp Sherman Community was the most wonderful thing the world has ever known. That community put such spirit into the men that they endured hardships, upon the arrival of the 83rd Division in France, which made me proud of my troops."

Captain George Kerr and other of our men, who have arrived from overseas at Camp Sherman say that they have never seen anything to compare with the Community Settlement at Camp Sherman, and Camp Sherman as a whole.

The Daughters were interested to learn that there are sixty-three chapters in Ohio, and five thousand and twenty-three Daughters in all.

BADLY DISABLED M COMPANY BOY GIVEN DISCHARGE

Charles Daily, one of the three youngest members of M Company, received his discharge from the Camp Sherman hospital Saturday and is now at his home in this city.

Young Daily enlisted in M Company just after war was declared and saw some of the heaviest fighting in which M Company participated.

On October 15, 1918, on the Verdun front above Argonne Wood he was struck in the right arm by a piece of shrapnel. He was in the hospital for three months and speaks highly of the treatment he received while there.

This wound is a very severe one and is known as 75 per cent disability. He will receive a monthly allotment from the government.

The young man does not expect to remain in this city, but will go shortly to Indiana, where a position has been offered him.

San Cura Ointment Relieves Pain, Draws Out Poison and Heals Promptly.

There is no better remedy for burns, cuts and bruises than the antiseptic and healing ointment called San Cura. Every person ought to have a jar on hand; it is the first and best aid to the injured in case of accident, and is the ideal remedy for so many other distressing and painful ailments besides.

For example, it is guaranteed by Blackmer & Tanquary to relieve itching, bleeding and protruding piles, eczema, tetter, ulcers, salt rheum, boils, carbuncles and pimples, or money back.

In case of old running sores, no matter how long standing, a few poultices of San Cura Ointment will draw out the poison, and leave them in such a thoroughly aseptic condition that they will heal promptly.

We advise every reader to get a jar of San Cura Ointment today, and keep it ready for an accident or emergency that may happen. 30c, 60c and \$1.20 a jar at Blackmer & Tanquary's on the money back plan.

San Cura Soap is delightful for shampooing, because it is full of antiseptic properties that banish the germs of dandruff and other impurities from the scalp. It removes pimples and blackheads, too. 25c a cake at Blackmer & Tanquary's.

CANNING PLANT IN THIS CITY CHANGES HANDS

New Group of Men, Headed By W. M. Campbell, Buys Bulk of Common Stock of Fayette Canning Co.

Radical Changes to be Made And Plant Operated Most of Year.

Formal announcement was made on Tuesday morning that The Fayette Canning Plant in this city has changed hands, the controlling stock having been purchased by W. M. Campbell and associates, who have extensive plans laid out for remodeling the plant and equipping it so that it can be operated the larger part of the year.

It is understood that the concern will retain its present name, and announcement is made that the change in ownership will in no way affect present contracts for corn. In fact, a still larger acreage of sweet corn will be contracted for and when the sack is finished this fall, attention will be turned to canning vegetables and other products so that the plant will be in operation much of the time and afford employment to a goodly number of persons.

The men who have purchased the plant are W. M. Campbell, H. G. Dahl, Walter L. Herron, this city, and A. S. Hammond, F. L. Dutton and H. B. Herron, of Columbus.

The new owners have organized by electing W. M. Campbell, president; A. S. Hammond, vice-president; Walter L. Herron, secretary; F. L. Dutton, treasurer; Clifford Peddicord, assistant secretary. Mr. Dutton will be general manager of the plant, and Mr. Cochran, who has been associated with the firm for 14 years, will be plant superintendent.

The work of remodeling and improving the plant will be started in the near future, and the capacity of the plant increased, it is understood.

After the packing season in the late summer and fall the plant will again be remodeled and equipped for canning various produce, and operated much of the entire year.

APPLICATION FOR INCREASE RATES WAS VOTED DOWN

Council Declines to Pass Ordinance Granting Increased Rates For Electricity.

The latest session of the city council held in recent months was that of Monday night, and in addition to the usual number of visitors, several women appeared to present desires for the improvement of Cherry street. The application of The Washington Gas and Electric Company for increased rates failed to pass at the session.

The joint session of the council and Union Township Trustees, to receive the report of Cemetery Superintendent Geo. Gossard, was first held, and the report for the past three months showed the following results: received \$1735.76; paid out \$1186.79; on bonds at the beginning of January \$2612.68; balance April 1st, \$2843.34.

After adjournment of the joint session and beginning of the regular council meeting, Attorney John Logan, representing residents of Cherry street, presented application for improvement of the street by paving from North to Fayette street, stating that the street long has been in a very bad condition and impassable part of the time. Announcement was made that the street had received little or no attention for 30 years, and because of the heavy hauling to reach the Sears & Nichols Canning Plant, the street has been in a most disagreeable condition. It was for this improvement that the women appeared before council.

After considerable discussion, during which Attorney Robert Edge stated that he was not in favor of paving the street because of the fact that the Edge property sided on the street and the expense would be exorbitant. Others present who owned property on the street announced that they were willing for the paving of the street.

A resolution calling for the improvement was read and the matter referred to the City Engineer for report at a meeting to be held on Monday evening, April 21st.

Attorney C. A. Reid presented an application for an increase in rates, and submitted an ordinance carrying the increase.

He stated that an increased rate was necessary for maintenance of good service, and was made necessary by the increased cost of fuel, supplies, and labor. He announced that the company was willing to have a committee of council, the whole council or a committee of business men, go over the books and conduct a full investigation to ascertain if the application for increased rates was a just one.

He declared rates in this city were not as high as some of the villages served, and that the new rates asked were identical to those asked of the public utilities commission.

The increased rates, he stated, would bring in some \$7000 to \$8000 additional each year.

Rowe moved that the ordinance be read. This was done. The ordinance was then read the second and third time under suspension. The blanks left in the ordinance had not been filled in with the number of years the new rate was to be in effect. When placed upon its passage the vote against its passage was unanimous.

New Rates Asked

The new rates asked by the company follows:

Residence and commercial lighting—For first 30 K. W. H.'s 12c per K. W. H.; next 30 10c; next 60, 9c; next 120, 8c; next 240, 7c; all over 480, 6c. A discount of 1c per K. W. H. allowed if bill paid before 10th of month succeeding that for which payment made. Residence—a minimum of 50c per month charged without discount. Commercial—minimum of 50c per K. W. of connected load, without discount. In no case minimum charge less than 50c per month.

Cooking—first 10 K. W. H.'s 12c per K. W. H.; all over 10, 8c. Minimum per month \$1.00 without discount. One per cent discount allowed if bill paid before tenth of month.

For Power—for first 60 K. W. H.'s 10c per K. W. H.; next 60, 8c; next 120, 6c; next 240, 3½c. Discount of 1 per cent per K. W. H. if paid before 10th of the month, except on minimum bills. Minimum of \$1.00 per month per H. P. connected load for first two H. P., and 50c per H. P. over two H. P., charged without discount.

MAKING EFFORT TO GET THEM JOBS

The local U. S. Employment Office has received special instructions from the Central Office to put forth the maximum of effort to secure positions for the men of the 37th Division who will probably be discharged this week. A large number of these men have their old jobs waiting for them when they will be ready to resume civilian life, but another large number will be on the lookout for a new job.

Inasmuch as the 37th Division is composed almost entirely of Ohio men, the work of finding places for them rests with the people of Ohio. Ohio was foremost in preparing for war and in many respects preparing for peace is just as vital and important.

THE LAST WEEK

This is the week to put your surplus money into non-taxable 7 percent preferred stock of the C. & E. Shoe Company, Columbus, Ohio.

Next Sunday, April 13, will be tax-listing day, and you must return all money and other taxable property held on that day to the assessor for taxation.

This stock is going rapidly. If you will look into this investment you will at once become interested. We regard it as one of the very best ever sold here at par—\$100 per share. 7 percent per annum means \$7.00 per year on a \$100 investment, free from taxes. Compare this with some of your other investments. Be sure to see us THIS WEEK.

Get all the profits you can out of your money. This offering has back of it the well known Hollings Company service.

Twelve Cents a Week

SMUGGLERS DO BRISK BUSINESS

Dusseldorf, Germany, March 5. — (Correspondence of the Associated Press) — The German authorities have reported that there is plenty of food in the vicinity of Dusseldorf but it is difficult for the poorer classes to purchase it on cards, because the food is held for the high prices obtained for smuggled goods. Meat when obtained legitimately is quoted at the normal equivalent of \$1.20 a pound, butter at \$1.40, eggs at 20 cents each, flour at five cents a pound and sugar at 24 cents a pound.

The same foods if sold by smugglers bring from two to five times from those prices. Bacon is sold by smugglers for the normal equivalent of

four dollars to seven dollars a pound. The men and women engaged in the smuggling trade call upon their customers in the cities at night and buy their supplies in the country in the day.

FIRST AIRPLANE DELIVERED PAPER

Chicago, April 7. — (By Associated Press) — What is said to be the first airplane newspaper delivery service in America has been started by the Great Lakes Naval Training Station. A hydroairplane with a supply of bulletins, the official paper of the Station, makes the 35 mile trip to Chicago each morning. The service was started, the Bulletin says, to "accommodate the 'gobs' who ride in from Chicago each morning and to make their ride a little more pleasant."

TENSION GROWS DUE TO DELAYS AT CONFERENCE

The Crisis is Near and Wilson Stands Firmly for Rights of Humanity

Important Statement by British Premier Postponed

(By Associated Press) Paris, April 8. — Extreme tension was evident as a result of Monday's discussions at the peace conference, and it is believed throughout the conference that another critical stage has been reached. One of the most responsible authorities associated with President Wilson said that he would not be surprised if American participation was brought to an early close if the delays over details were carried much further.

The president has ordered a United States transport to proceed at once to a French port. Premier Lloyd-George was to have issued an "important statement" last night, but he is ill and it was announced that the statement would not be made until tomorrow.

The differences still remaining on the subjects of frontiers and reparations are comparatively slight, he added, and yet these slight differences are so persistently maintained as to threaten to create prolonged delays, which the president and American delegation are not willing to accept.

The president was described by one who saw him today as standing firm in his determination to make no further concessions. He insists that the principles which were definitely agreed upon at the time of the armistice are at stake. There is little doubt that the president's stand has been made known to the other members of the council, but since his illness he has not personally conferred with any of them, excepting Colonel House.

The existing tension led to many reports of decisive action which the American delegation was said to be about to take. These reports were more or less exaggerated, yet all seemed plausible, in view of the president's determined attitude.

Some of the president's closest intimates had not been informed that the steamer George Washington had been sent for, while others were of the opinion that the summoning of the steamer would be accepted as an intimation by the allied leaders that delays must be brought to a speedy conclusion.

One of the American experts summed up the situation as he entered the meeting, saying:

"The chances are favorable to an agreement, but we have not agreed yet."

The principles which seem to be settled are that reparation and restoration shall be in accordance with the president's seventh and eighth points and the allies' reply to the president's note, and also that the actual damages and destruction shall be the main basis for estimating the damages, and that the commission shall formulate categories or classes of these damages. Payment is to be spread over a period of years, without a specific limit being fixed, and the initial payments probably will be required within the first two years.

"MY SAMMY GIRL"

"My Sammy Girl," a military musical comedy is the latest creation of L. B. Parker. The story of the play is funny and topical in the extreme. The music is of the infectious kind that lingers in your mind and refuses to depart. The scenery is really wonderful and in the production there are many novelties. Kilroy and Britton have engaged a clever company and a large, beautiful chorus. Among the musical numbers that are destined to prove popular are "Hark to the Scream of the Eagle," "Kellerman Girls," "Take Your Hat Off to the U. S. Marines," "My Sammy Girl," "He Treated Me White," "Whistling" duet, "Classy Kids," "The A. D." and many others. "My Sammy Girl" comes to the New Murphy Theatre, Wilmington, Thursday, April 10, and should prove a most acceptable offering.

FAYETTE COUNCIL WORLD WAR VETS. ELECTS TRUSTEES

Newly Formed Organization of Men Discharged From Military Service Holds Important Session.

Will Meet Each Monday Night and Reorganization Comes When All Men Are Discharged.

At a well attended meeting of the newly organized World War Veterans Fayette Council, at Memorial Hall on Monday evening, a board of trustees was elected, plans were made for increasing interest in the organization and details for the Victory Loan meeting to be held at Jeffersonville in the near future were settled upon.

Robert E. Willis presided as chairman and Ray Post as secretary. Mr. Willis gave a short talk in which he enumerated just what the organization had accomplished thus far and what they expected to accomplish in the future.

He also stated that Fayette county was far ahead of any other organization movement of soldiers in the other counties of the state and that when the state or national organization came along, which would probably be within the next 90 days, Fayette county would be ready to affiliate with it at once.

Plans were made whereby all soldiers from all parts of the county will be notified of the organization and the men will be made members as fast as they arrive home.

A board of seven trustees was chosen, by ballot. The men elected are: James McDonald, Paul Zimmerman,

Robert Willis, Ralph Mayer, Ray Post, Jess Maddux and Burnett Hyer. It is understood that all elections are temporary until a more permanent organization is effected or until virtually all men have returned.

The first movement of the Victory Loan drive will take place at Jeffersonville next Monday night. The speakers and soldiers will make the trip in autos furnished by the Loan Committee and all soldiers that can possibly make the trip are requested to meet next Monday evening at Memorial Hall at 7:30, in uniform, and make the trip.

Before adjournment it was decided to make Monday evening the regular meeting night of the organization.

The men are showing great enthusiasm in the movement and in a year or two the organization will be an important factor, it is thought, in the community. All men discharged from the service are eligible for membership whether from the county or not.

Spring Home Craft Week

Home is Dearer Than Ever

Home grows closer to the hearts of our people as the realization of those devastated homes over in Europe is being borne in upon us.

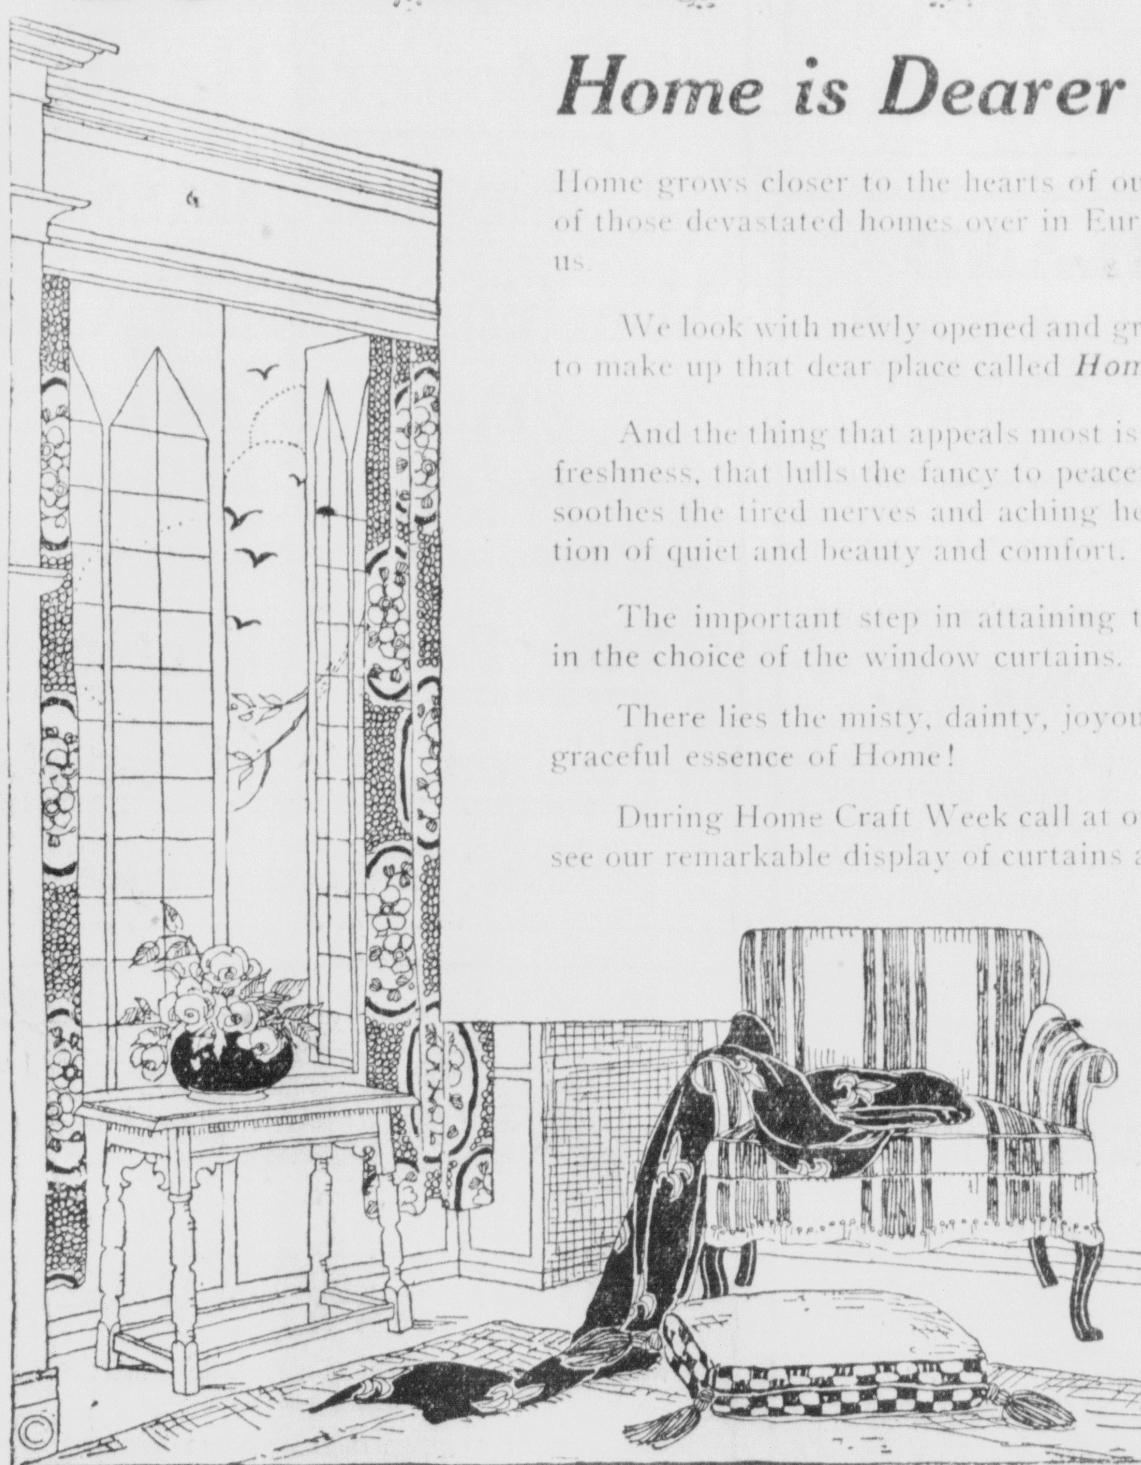

We look with newly opened and grateful eyes on all that goes to make up that dear place called Home!

And the thing that appeals most is the daintiness, cleanliness, freshness, that hurls the fancy to peaceful, happy wanderings and soothes the tired nerves and aching heads by their mere suggestion of quiet and beauty and comfort.

The important step in attaining this charm of the Home is in the choice of the window curtains.

There lies the misty, dainty, joyous charm—the white, filmy, graceful essence of Home!

During Home Craft Week call at our drapery department and see our remarkable display of curtains and other window lace.

Why envy your neighbor's home when you can have one just as enviable?

How often we hear this expression used, especially when driving along the public highways of our beautiful country and the posts come in for a goodly share of the praise or the negative criticism as the case may be; but putting aside this topic of appearance, strength and most important durability come next. Our staple driving concrete posts manufactured right here in your own home town represent a perfect combination of these features. A careful study of facts will readily convince you that the light flimsy steel post is practically a post of the past. WANTED
Branch Manager

ESTABLISHED CORPORATION

Largest concern of its kind in the world, recently organized for the production of mammoth patriotic work, is opening a Branch Office in Washington. Requires services of good business man as Manager. Applicant must assume duties within two weeks, be able to direct small sales force, the most of whom will be attracted to the work on account of its patriotic nature. The work will also give employment to several returned soldiers. \$1,000 cash bond required, fully secured. Entirely new proposition: national advertising campaign starting, which will include 30 double page ads in local papers, and biggest publicity campaign ever staged in Washington.

Tremendous opportunity. Replies solicited from parties who find their business unprofitable or not in harmony with war conditions. Commission basis with earnings upward of \$5,000 per year. Permanent position.

Sales Manager will assist in organizing sales force and supervise opening of Branch House. Make your answer complete to secure interview. You will be required to come to Chicago for two days' instruction and training, and unless you can do so at once it will be useless to apply. Unless you have the money for cash bond, and your reputation will stand the third degree, save your stamps. This is a real opportunity that will present itself but once in a lifetime. Write or wire, President, 908 National Life Building, Chicago, Ill.

BOLSHEVISTS IN RUSSIA RULING WITH IRON HAND

Offer Inducements to Returning Wrecks of Soldiers

Insight Given by Former School Teacher

Omsk, Siberia, February 4.—(Correspondence of the Associated Press)—A Russian schoolmaster, who was a prisoner of war in Germany, and who has arrived at Omsk has given the newspaper Zarya a narrative of his experiences since reaching Russia which throws considerable light on the conditions in the Bolshevik zones of Russia. The schoolmaster said that almost all the released Russian prisoners were suffering from hunger and practically destitute of clothing.

At first they were received with animosity but later the Bolsheviks organized propagandist bureaus where socialistic literature was distributed to the prisoners in an attempt to convert them to Bolshevism. Meetings were held and offers were made to enroll the prisoners in the Bolshevik armies under the following conditions: A gift of two suits of clothing, 600 rubles in cash, provisions for two weeks. The officers were offered from 1,000 to 2,500 rubles in cash. The Bolsheviks, he said, had no success in recruiting the officers but some soldiers, who were in the worst physical condition, accepted their proposals. The major-

ity, however, deserted, at the first possible moment.

The schoolmaster said that the discipline in the Bolshevik army is exceedingly rigorous. For the least infraction the soldiers are shot. The privileged class in the Red army is made up of Magyars, Letts and sailors. The rest are supported as outcasts and as possible fodder for cannon. The members of the Russian middle class are forced to labor in the trenches or fortifications or to serve as servants for the Bolshevik soldiers.

The Bolsheviks, the returned prisoners said, attribute great importance to their so-called "spying orators," who secretly remain behind in the towns evacuated by the Red Guard and try to corrupt and win over the troops of the Russian National Army.

The Red Guard leaders declare that it is only over their lifeless bodies that the Allies will take the "commune of the North," a name which they give to Petrograd.

At Petrograd, the schoolmaster said, all the workmen between 17 and 46 are mobilized. A large number of military schools have been opened for the army. Trotsky, the Bolshevik War Minister, was accorded an aviation pilot's license. To celebrate the anniversary of the Bolshevik coup d'etat heavy additional taxes were imposed on the bourgeois class and extensive displays of fireworks were held in the principal cities.

Throughout the country were organized "begging committees" who had the right to requisition everything that pleased them. By a special decree were established "passports of the socialist classes" on which were inscribed the number of rations received. On the bourgeois passports are entered the number of tasks to the credit of the holders, such as the cleaning of streets and barracks.

THOUGHT 3 LITTLE CHILDREN NEEDED MOTHER'S CARE

"My stomach suffering was so severe that I could not have lasted much longer. I did not care so much for myself but did not want to leave my three little children who needed a mother's love and care. A cousin in California wrote me about Mayr's Wonderful Remedy and I took a course of it. I have since been entirely well." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.
